

Elizabeth is a Physical Education teacher who worked with Veronica Sherborne through the 1970's and 80's. Since that time she has worked in a Barnardo's school for emotionally and behaviourally disturbed teenagers and in 4 universities teaching Exercise Science and Teacher Education. She was a founder member of the UK Sherborne Association and also of the international co-operation group. She co-edited the research book published in 2007 "Moving with Research" which is a collection of the best of the international Sherborne research papers.
